

**REMARKS**

This is responsive to the Office Action mailed October 19, 2004. The application includes claims 3-20 and 29. Claims 1, 2, and 21-28 are canceled.

Fig. 27 of the drawings has been amended to show the false surface member 369 in solid line, as the Examiner suggested. The false surface member may be an option and need not be included in other embodiments of the cabinet.

Claims 3, 12 and 14 were objected to in the Office Action and the Examiner indicated that claims 3, 12 and 14 would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claim. Claims 3, 12 and 14 have been so amended above and, accordingly, now are allowable.

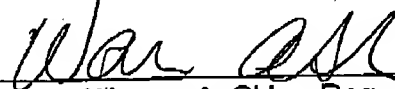

Dependent claims 4-11, 13, 15-20, and 29 depend directly or indirectly from allowable claims 3, 12 and 14 and, accordingly, also are allowable.

As all claims remaining in the application are allowable, this application now should be in condition for allowance. Early action indicating allowance is solicited.

If the Examiner has any questions or if the Examiner feels that favorable prosecution can be expedited by telephone interview, she is respectfully requested to telephone Applicant's undersigned Attorney at the number below.

Respectfully submitted,
